I'm in No Mood

The Fiery Furnaces

I'm in no moodI'm in no mood to comb my hair
There's a chill in the air
And it's catching
CatchingI'm in no mood to comb my hair
There's a chill in the air
And it's catching
Catching
Catching
CatchingI was so drunk last night i didn't even undress for bed
And the pin in my hair was still stuck in my headI'm in no mood to comb my hair
There's a chill in the air
And it's catching
CatchingI'm in no mood to comb my hair
There's a chill in the air
And it's catching
Catching
CatchingI was so drunk last night i didn't even undress for bed
And the pin in my hair was still stuck in my headI was so drunk last night i didn't even undress for bed
And i swear the pin in my hair got stuck in my headI'm in no mood to comb my hair
There's a chill in the airAnd the pin in my hair was stuck in my head
I didn't undress for bed
I was so drunk last nightI'm in no mood to comb my hair
There's a chill in the air
And it's catching
Catching
Catching
CatchingI was so drunk last night i didn't even undress for bed
And i swear the pin in my hair got stuck in my headI swear the pin in my hair got stuck in my head
I didn't even undress for bed
I was so drunk last night.
