I'll Bite Your Face Off

Alice Cooper

She was a dirty dream, cool and clean
With seduction dancing in her eyes
She turned around, looked me up and down
She took me by surpriseI tried to run, tried to hide
But my feet were made of clay
Looked in her eyes, I was paralyzed
I just couldn't get awayShe licked her lips, they were bloody red
She had the heart of the living dead
She pushed me down on a burning bed
Thought I was in heaven, but instead
She turned her head and she softly saidI'll bite your face off
I'll bite your face off
I'll bite your face off -- little man
I'll bite your face off -- you know that I canShe put the whip into cream
She was a sinner's queen, oh a delicious angel face
She'd invite you in, c'mon and lick my skin
You'd sell your soul for another tasteShe took my heart, my resistance fled
I loved each lie that I was fed
She pushed me down on a burning bed
Thought I was in heaven, but instead
She turned her head and she softly saidI'll bite your face off
I'll bite your face off
I'll bite your face off -- little man
I'll bite your face off -- you know that I canShe pushed me down on a burning bed
Thought I was in heaven, but instead
She turned her head and she softly saidI'll bite your face off
I'll bite your face off
I'll bite your face off -- little man
I'll bite your face off -- you know that I can
I'll bite your face off
I'll bite your face off
I'll bite your face off
I'll bite your face off
