

# Destroy (feat. Members of Fucked Up)

## Wavves

I cant pick myself up off the ground  
Try to do different things  
But I don't know how  
Where do I go from ehre now  
My World is ending  
I know I gotta get out  
I can't pick myself up off the couch  
Try to do different things  
But I don't know how  
Where do I go from here now  
This world is ending  
I know I gotta get out  
Destroy  
Destroy  
Destroy  
DestroyI can't seem to get out of shroud  
Pissed off mom but did dad proud  
So he's taking me out of here now  
'Cause your world is ending  
I don't belong here now  
It's time to destroy  
Destroy  
Destroy  
Destroy  
Destroy
