

# Promesses

## Tchami

[Intro: Kaleem Taylor]  
Oh no no, yeah (x4)[Verse: Kaleem Taylor x2]  
If the rain was coming  
Will you break my heart?  
Break this promise?  
If the rain was coming  
Will you break my heart?  
Yeahh[Drop: Kaleem Taylor]  
If emptiness is in your promises  
Then there's no need to even promise me  
If emptiness is in your promises  
Then there's no need to even promise me[Break: Kaleem Taylor]  
Ooh yeah, I don't need you too now  
What's the deal, aw yeah, won't you be, promise me  
Ooh yeah, I don't need you too now  
What's the deal, aw yeah, won't you be, promise me[Verse] + [Drop x2]
