==========
(0.20)
Here in the dark,
Silence is much to hard to bear.
Don't know there to start,
I'm hurtin' everywhere.
If we don't stop now,
We're gonna lose.
We should try somehow,
'Caus it's too easy to bruise.
When you take your mark,
Danny with your aim,
Danny for my heart,
It's only pain.
What does it prove,
Again and again?
Danny nobody wins.
(1.23)
If it's your pride,
Promise you won't let it keep us apart.
Deep down inside,
We can make a new start,
If we don't look back,
On the price we pay.
Well that's all I ask,
'Caus we'll never make it this way.
When you take your mark,
Danny with your aim,
Danny for my heart,
It's only pain.
What does it prove,
Again and again?
Danny nobody wins,
Nobody wins...
Danny don't...
(2.36)
Danny don't look back,
On the price we pay.
Well that's all I ask,

'Cause we'll never make it this way.
When you take your mark,
Danny with your aim,
Danny for my heart,
It's only pain.
What does it prove,
Again and again?
Danny nobody wins,
Nobody wins...
When you take your mark,
Danny with your aim,
Danny for my heart,
It's only pain.
What does it prove,
Again and again?
Danny nobody wins,
Nobody wins...
When you take your mark,
Danny with your aim,
Danny for my heart, (3.41)
It's only pain.
What does it prove,
Again and again?
Danny nobody wins,
Nobody wins... 4.01
