If I loose my cool, don't take it personal, waited for you you,
you all I that I need, for me,for me, for you, for you
I never wrong with love in a long time
I no be tiff,i no be one time ah
This no be one, no be one night ah
Gimme your love in a summer time, I want your love in winter time
You know your sugar got me coming around back and forth

If I gat you, no other love will do it for me
When I pull up to see you, gimme a reason to miss you,promise I never leave you
Oh my God,oh my God
Oh my God,oh my God
You not for a night time, I want you for a lifetime
The thing no be one time ah,
I want you for a lifetime ah.

If I loose my cool, don't say I drink too much

This no be one, no be one night ah
Gimme your love in a summer time, I want your love in winter time
You know your sugar make me coming around back and forth

If I gat you, no other love will do it for me
When I pull up to see you, gimme a reason to miss you,promise I never leave you
Oh my God,oh my God
Oh my God,oh my God
You not a one night ah, I want you for a lifetime
The thing no be one time ah,
I want you for a lifetime ah.

If I gat you, no other love will do it for me
When I pull up to see you, gimme a reason to miss you,promise I never leave you
