Love In July (Le Prix Remix)

Sally Shapiro

I walked the street of yesterdrill upon with you
I saw your torment even though you'd come here soon
Seconds, Minutes of this counting every pain in me
And all the sunlight missing you suddenly run awayGive me my love in July
Oh oh You make the sunshine
Dry out the tear in my eyes
Don't let me down
I promise to stay around.I saw the dreaming river show, that from that rain
I see the notes you left for me the final day
Maybe you used to thinking of me right for you, then dont
And our love was just a fool, do you still miss me too?Give me my love in july
Oh oh, You make the sunshine
Dry out the tears in my eyes
Don't let me down
I promise to stay aroundIt's almost a year ago, but I still miss you
Do you miss me too?Give me my love in July
Oh oh, you make the sunshine
Dry out the tears in my eyes
Don't let me down
I'll be aroundGive me my love in july
ohoh, you make the sunshine
Dry out the tears in my eyes
Don't let me down
I'll be around.I'll be around
Give me my love in July
You make the sunshine
Don't let me go
Dry out the tears in my eyes
I promise to stay around.
