Apnoea

Kasabian

Pick demons up set demons free
Issue my fire on the weakened liar
Last [Incomprehensible] in town, set to burn it down
I summoned you to the aftermath

Apnoea

Oh, bearing down on me

Apnoea

Oh, bearing down on me
Put your boots in man, put your boots in girl
See the piggies fly, see the system fail
Said it isn't me, said it isn't you
Change made by all and not by one

Apnoea

Apnoea

Oh, can't you see it girl?

Apnoea

[Incomprehensible]Apnoea

Oh, can't you see it girl?
