

# Yellow (feat. Kali Uchis)

## Tyler, the Creator

Now when I first saw you  
I could tell you was the one  
That I've been searchin' for  
I needed somethin' that was like the Sun  
Now all my flowers grow  
Right now my life, it blooms, baby You're my favorite color, my favorite color  
My favorite color's you  
It's like the endless summer, endless summer  
Whenever I'm with you  
Cause you're my yellow, yellow, yellow  
Cause you're my yellow, yellow, yellow
