

We're Coming To You

The Bird and the Bee

In the box again
Six walls just to close me in
In the stars again
I punished me for where I've been
Is there anyone, anyone out there?
Is there anyone, anyone, anyone out there?
Come to me, pick my bombs
Hold me close, bring me home
We're coming to you
We're coming out
Don't know why it's just the way the wind blows
We're coming to you, just like a sound
Don't know why it's just the way the wave goes
We're coming to you
We're coming out
Don't know why I feel the way I do
We're coming to you
We'll pull you out
Don't know why I wish I didn't need you
Light as a feather
Ten pounds could hold me down
Stormy weather
The wind and rain just push me around
Is there anyone, anyone out there?
Is there anyone, anyone, anyone out there?
Can you find me?
I'm too small
Little pieces, of the wall
We're coming to you
We're coming out
Don't know why it's just the way the wind blows
We're coming to you, just like a sound
Don't know why it's just the way the wave goes
We're coming to you
We're coming out
Don't know why I feel the way I do
We're coming to you
We'll pull you out
Don't know why I don't know why I need you

We're coming to you
We're coming out
Don't know why it's just the way the wind blows
We're coming to you, just like a sound
Don't know why it's just the way the wave goes
We're coming to you
We're coming out
Don't know why I feel the way I do
We're coming to you
We'll pull you out
Don't know why I wish I didn't need you
