

# The New Reign

## Born of Osiris

I can't take this  
Giver to the waves  
I have come to destroy  
I will lift this inhibition and we dawn the new day  
This is a shame calling this name out of reach  
Out of mind  
And with nothing left to gain, we overcome the mundane  
And with nothing left to gain, a new reason to live  
And with nothing to gain, we are the new reign  
Sacrifice your own inspirations  
The price tags on temptations
