

Sorry

Gyptian

It hurts me to see you go
But I got to let you know
I'll be so sorry
Am so sorry baby
I never know you stay so and now you got to go
Am so sorry
Oh so sorry baby I took you up when you were down
For you I was always around
Your empty cup I filled up
For you baby I never give up
But you treat me, that how you treat me
Not I remember
The first of September
It hurts me to see you go
But I got to let you know
I'll be so sorry
Am so sorry baby
I never know you stay so and now you got to go
Am so sorry
Oh so sorry baby How you fool me
How you play me
Wrapped around your finger
Tell me what's right or what's better
What sweet or what sour
What's hunger nad bitter
That's how much you got control
But you need to know
It hurts me to see you go
But I got to let you know
I'll be so sorry
Am so sorry baby
I never know you stay so and now you got to go
Am so sorry
Oh so sorry baby
