What's In You

Black Label Society

Step inside this nightmare where I live
The madman roams inside my head
Step inside this nightmare where I live
The madman roams inside my headOh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?Helter skelter running through my veins
Satan's coming on his way
Helter skelter running through my veins
Satan's coming on his wayOh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?Oh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?
Oh, what's in you now?
