Love Happens Like That

Neal McCoy

In the blink of an eye at the drop of a hat
We went from zero to love in nothing flat
And you smiled at me and before I knew
I was head over heels over you(Love happens like that)
It steals your heart like a thief in the night
(Love happens like that)
You can run but you can't hide
(Love happens like that)
Before you know it there ain't no turning back
Love happens like thatCall it destiny, call it love at first sight
Call it meant to be, I'd say you're right
I never dreamed that just one kiss
Could make me feel like this(Love happens like that)
It steals your heart like a thief in the night
(Love happens like that)
And you can run but you can't hide
(Love happens like that)
Before you know it there ain't no turning back
Love happens like thatIn a heartbeat
It can turn your world around
Just like that(Love happens like that)
It steals your heart like a thief in the night
(Love happens like that)
Now you can run but you can't hide
(Love happens like that)
Before you know it there ain't no turning back
Just like that, love happens like that(Love happens, love happens, love happens just like that)
It steals your heart like a thief in the night
(Love happens, love happens)
Now you can run but you can't hide
(Love happens just like that)(Love happens, love happens, love happens just like that)
Love happens just like that
(Love happens, love happens, love happens just like that)
(Love happens, love happens, love happens just like that)
(Love happens, love happens, love happens just like that)
