Paris

Toothgrinder

Oh I'm sorry for everything I put you through
But the day is getting cold now
It's so dark
When we had friends with the ghost of your love
I wished for the best, no regrets for my love
Protect my whole life, it's over
The only doors...
Your heart, did not like mineI'm counting down, the place and time
They said, that we should find
Eveyone's just rightI'm really sorry for everything I put you through
But the world becomes darker and dark
Everyone that burns with the ghost of your father
I wished for the best, no regrets for my love
Protect my whole life, it's over
Round me
The only doors...
Your heart, did not like mineI'm counting down, the place and time
They said, that we should find
Eveyone's just right
Precious timeParis you let me die
Why you lie?
Why you kill it
Like Paris, like time
Extraordinary day, yeah
Why?
Yeah why?
I will not search for love again
Something feels wrong, when I pretend
Feeling so low, don't feel anything
I finally breakthrough, play dead or play some otherParis, Paris
Paris, Paris
