

# Use Your Fist and Not Your Mouth

## Marilyn Manson

Come on, come on, come on, come on I am overground and outselling it, since God thinks I don't exist  
The beatings happen per minute  
This is not blue collar white corrective politics  
I'm on a hate American style kick This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) I'm on a campaign for pain  
And when I get elected  
I'll wipe the white off your house  
The smile off your face This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) I woke up today and wished for tomorrow  
I don't want to be like anyone else  
I woke up today and wished for tomorrow  
I don't want to even be myself I said "No this isn't your song, we can't all get along  
It's too hard to hold hands when your hand's a fist"  
My hate pop won't ever stop, I'm fucking glad we're different  
This is my hate American style hit Don't bring it  
Don't sing it  
Use your fist and not your mouth This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on! come on, come on!) This is the black collar song  
Put it in your middle finger and sing along  
Use your fist and not your mouth  
(Come on, come on, come on, come on) I woke up today and wished for tomorrow

I don't want to be like anyone else  
I woke up today and wished for tomorrow  
I don't want to even be myself
