

# ON MY OWN

Whitney

We won't be surprised again  
Darlin' we have no end I know  
I think we should try again  
Oh but I want you in my arms I can't sleep alone when you're on my mind  
I'm movin' slowly when I'm on my own  
Hurts to see ya go when I know that you're high again Pushin' my final pin  
I can't seem to kick it all  
Just forcing the day to end  
And I know it, we know it Baby I can't sleep alone when you're on my mind  
I'm movin' slowly when I'm on my own  
Hurts to see ya go but I won't say goodbye again
