

# Faith Is Blind

## Black Label Society

Faith is blind  
Carry it to the end  
Faith is blind  
All I've done and said Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your lord of reality Faith is blind  
Follow me to the black  
Faith is blind  
Your demise is where you're at Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your lord of reality Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your lord of reality Faith is blind  
Carry it to the end  
Faith is blind  
All I've done and said Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your lord of reality Feed them the lies  
For that's all that they want to see  
Crawl in your grave  
I'm your lord of reality
