

# New Life

## Depeche Mode

I stand still stepping on the shady streets  
And I watch that man to a stranger  
You think you only know me when you turn on the light  
Now the room is lit with dangerComplicating, circulating  
New life, new life  
Operating, generating  
New life, new lifeTransition to another place  
So the time will pass more slowly  
Features fuse and your shadow's red  
Like a film I've seen now show meComplicating, circulating  
New life, new life  
Operating, generating  
New life, new lifeYour face is hidden and we're out of sight  
And the road just leads to nowhere  
The stranger in the door is the same as before  
So the question answer's nowhereComplicating, circulating  
New life, new life  
Operating, generating  
New life, new lifeI stand still stepping on the shady streets  
And I watch that man to a stranger  
Think you only know me when you turn on the light  
Now the room is lit, red dangerComplicating, circulating  
New life, new life  
Operating, generating  
New life, new life
