Parasuicide

Azure Marl Void

Listen, I'd like to die.Â I mean listen, I'd like to die.Â It ain't so simple, it ain't that quick.Â For me to perish without regret.Â If I could close my eyes without loving you.Â If I could close my eyes without waking up.Â If I could cross on over without much.Â Please listen, I'd like to stay.Â I mean listen, I think it's insane.Â Former hands are bloody, IÂ don't feel hurt.Â I think it's silly that you still care.Â If I could close my eyes without loving you.Â If I could close my eyes without waking up.Â If I could cross on over without much.Â Please listen, I love you most.Â I mean listen, aren't we just ghosts?
