Country Girls

[Little River Band](#)

It's hard to be a loner so they tell me
But its easy to be alone here
And I know, I used to live with country girls
Now the city's all I knowAnd I'm tryin' to find a way to get back home
I'm goin' home
Well, it's hard to feel unhappy in the country
But it's easy for the city life to bring you dowI used to know some country girls
And they never were unkind
It's hard to tear their memory from my mind
You know they're on my mind, ohSo I have to get away, way down, way down in the country
Where the city life won't change me, in the country
I'm talking about the country girls, thinking about a country world
Have you been there, have you been there?Find the people, they're easy to get to know
Go to the country, go to the country, go all right, yeah
Ooh, it's hard to be a loner so they tell me
But it's easy to be alone here and I know, I know, I knowI used to live with country girls
And they never were unkind
It's so hard to tear their memory from my mind
Woah, my mindI have to get away, way down
Way down in the country
Where the city lights won't change me
In the country, in the countryWalk down here, be a part of real living
Country air is taking me home again
Used to be living alone in the city
Country girls are getting to me, yeahCountry girl, I just want to be there
She takes me, country girl, ah
You make me feel like
I've found a way to get back home
