You Are the Only One

Wanita Bird-Charles

Forever is a long time, I'm not gonna lie
Is that a promise you can make?
Are we in the right place at the wrong time?
Right now I really need some spaceTogether on the front line
Look me in the eye and tell it straight to my face
Are we gonna work it out or pack it in?
I guess this is the chance we take'Cause you are the only one that gets me
Knows me, feels me, has me
And you are the only one
Who's close enough to drive me crazyFrustrate me, complicate me
Make it harder than it needs to be
But the things that you do and the things that you say
Make me wanna stayEverything is alright some of the time
Are we going through a phase?
Are we moving too fast, going too slow?
Am I just afraid to make mistakes?I wanna keep it real now and don't make a sound
I wanna see it in your eyes
Are we gonna shake it up or knock it down?
But deep inside I know that we'll survive'Cause you are the only one that gets me
Knows me, feels me, has me
And you are the only one
Who's close enough to drive me crazyFrustrate me, complicate me
Make it harder than it needs to be
But the things that you do and the things that you say
Make me wanna stayThrough the ups and downs I do
I just wanna be with you
We're through'Cause you are the only one that gets me
Knows me, feels me, has me
And you are the only one
Who's close enough to drive me crazy'Cause you are the only one that gets me
Knows me, feels me, has me
And you are the only one
Who's close enough to drive me crazyFrustrate me, complicate me
Make it harder than it needs to be
But the things that you do and the things that you say
Make me wanna stayBut the things that you do and the things that you say
Make me wanna stay
