

Our New Year

[Tori Amos](#)

Glasses raised, we all say cheers
Could this be the one? Our new year
Even after all this time, I don't know why
Why you went away
Lately, I'm sure it's you there
Waving in the distance
Closer, the closer I get
Disappointment tails, yes, it tails
They just have the same color of your hair
You are not there, you are not there
Every corner that I turn
I've convinced myself one day you'll be there
Choruses of 'Auld Lang Syne'
Could this be the year? Yours and mine

Lately, I'm sure it's you there
Waving in the distance
Closer, the closer I get
Disappointment tails, yes, it tails
They just have the same color of your hair
You are not there, you are not there
You are not there, you are not there
You are not there, you are not there
You are not there, you are not there
Glasses raised we all say cheers
Could this be the one?
This could be the one
Could this be the one? Our new year
