

# I Can't Help Falling In Love

[Rusty Clanton](#)

Wise men say only fools rush in  
but I can't help falling in love with you  
    Shall I stay  
        would it be a sin  
If I can't help falling in love with you

Like a river flows surely to the sea  
    Darling so it goes  
        some things are meant to be  
take my hand, take my whole life too  
for I can't help falling in love with you

Like a river flows surely to the sea  
    Darling so it goes  
        some things are meant to be  
take my hand, take my whole life too  
for I can't help falling in love with you  
for I can't help falling in love with you
