

# Julia (David Surkamp)

## Pavlov's Dog

Julia you set the standards for me  
Walk to your door  
Beggin' for it just to be more and Julia I couldn't do much better than you  
Said so yourself  
I wouldn't want anyone else And I can't live without your love  
And I can't live without your love  
Well I can't live without you Julia oh you're drivin' me crazy  
But I'm a...I'm a part of your plans  
Oh just a man while your dreams be  
You're just a part of me  
Oh please see how much how much you mean to me  
Please see how much how much you mean to me Julia And Julia straight away you've had me  
And I know I've had you  
You're a part of me too And I can't live without your love  
And I can't live without your love  
Well I can't live without you Julia And I can't live without your love  
And I can't live without your love  
Well I can't live without you Julia
