

# fall

## Lazee Lavenders

On the edge of something real  
I have a choice, but I don't know what to feel  
Getting tired of all this fear  
Before I choose, let me know that you'll be here  
Let me know that you'll be here  
Cause I'm not afraid to fall  
If you're the one who catches me  
Tell me that you'll be there when I'm  
About to lose it all  
Cause you're the one who helps me see  
That sometimes it's ok to fall  
When I'm far away from where you are  
It's ok, cause we're under the same stars  
I'm laying down this heavy load  
Maybe now I can finally let this go  
I can finally let you know  
But I'm not afraid to fall  
If you're the one who catches me  
Tell me that you'll be there when I'm  
About to lose it all  
Cause you're the one who helps me see  
That sometimes it's ok

To fall Oh Oh

To fall Oh Oh

To fall Oh oh

To fall

To fall Oh Oh

To fall Oh Oh

To fall Oh Oh

To fall

Not afraid to fall

If you're the one who catches me

Tell me that you'll be there when I'm

About to lose it all

Cause you're the one who helps me see

That sometimes it's ok to fall

Oh Oh Oh (Cause I'm not afraid to fall)

Fall Oh Oh Oh (If you're the one who catches me)

That sometimes it's ok to fall  
When I'm about to lose it all  
You're the one who helps me see  
That sometimes it's ok  
It will be okay  
That sometimes it's ok, to fall  
I'm gonna fall
