

# Word to the Badd!!

## Jermaine Jackson

What up, yo  
Word to the bad  
I gave my love  
You gave your love  
Thought we'd never part  
Said you loved me  
Then you left me  
With a broken heart  
You never think about who you love  
You only think about number one  
You forgot about where we started from  
You only think about what you want  
You don't care about how it's done  
You only think about you, your throne  
Be it right or be it wrong  
It ain't about your world  
It ain't about the things that you do  
If you don't care, I don't care  
'Cause you keep thinkin' about you  
It ain't about you takin' my pie  
You been takin' for a long time  
If you don't care, I don't care  
If you keep...  
Well I ain't thinkin' about you  
Word up, yo  
Word to the bad  
Once you were made  
You changed your ways  
Even told me lies  
Could not trust you  
Still I loved you  
My mind worried overtime  
You know I tried to be there for you  
Like a lover, I cared for you  
It didn't matter; you always play me off  
You only care about what you want  
You don't care about how it's done  
You only think about you, your throne  
Be it right or be it wrong

Hook

Oh, no, no, I ain't thinkin' about you

Oh, no

What up, yo

Word to the bad

Thinkin' about that pie that you've been takin' from me

From a lover to another lover hard to believe

Lost and don't know it, yet you still show it

Givin' seems to be harder than it is to receive

The glass has gotten shady when it should have been clearer

But it's you always starin' in the mirror

Constantly fakin' it; ain't no mistakin' it

Get a grip 'cause you're not far from breakin' it

Thinkin' about the time when we used to be close

It shouldn't be a past tense 'cause nobody knows

What the future may hold, what tomorrow might bring

It's not guaranteed that you'll be spreadin' your wings

And funny it seems how it used to be

Times when you needed to lean on me

Now you're standin' on two, and you want to act now

Girl, I ain't thinkin' about you

Gone too far

Ya better turn back

I know who you are

You know where I'm at

Sad, but it's true

From me to you

Pick up the phone

Don't be alone

Step off the throne

Come back home

Hook
