

Carry On

Jake Miller

All carry on items should now be stored securely in the overhead compartment
Or under the seat in front of you.
Thank you and enjoy your flight. Yeah, you can be my carry on,
You can be my carry on.
From New York to LA, Miami to Chicago
You can be my carry on and go wherever I go.
'Cause I know together we gon' live it up
So, baby hop up in my suitcase and zip it up.
So lay down in the conveyor belt
I'll put you through security
X-Ray scans like you 'bout to get some surgery.
Overweight bag fees, yeah, you know I'll pay that
'Cause baby, you the bomb, like wait.. I can't say that.
And if you want we can fly first class now
I can be the TSA, I'll give you the pat down.
You don't need a ticket
Just come with me and kick it.
If you be my carry on, the sky's the limit. 'Cause I just wanna take you everywhere I go
Because I'd hate to leave you all alone.
There's no need to go and check you on
Baby you can be my carry on, you can be my carry on
Baby you can be my carry on, you can be my carry on
So what'd you say, won't you hop in on my luggage?
Everywhere I go, baby girl you know you coming.
Yeah, we 'bout to board, so tell me what you waiting on?
Baby, you can be my carry on. Wherever you are, yeah, that's where I wanna be
But, for the next 90 minutes, I'll slide you under my seat
Or in the overhead compartment.
I beg your pardon but, please stow your bags away,
We 'bout to be departed.
Seat belts on when we fly up
But when it's off we 'gon join the mile high club.
So baby meet me in the lavatory, we gon' make some turbulence
And if it says occupied please don't come disturbin' it.
'Cause I'mma show you the world from a different view,
Take you to places in the magazines you flipping through.
There won't be no more missing you, 'cause you'll be by my side.
Baby you gon' be my carry on 'till the day I die. 'Cause I just wanna take you everywhere I go
Because I'd hate to leave you all alone.

There's no need to go and check you on
Baby you can be my carry on, you can be my carry on
Baby you can be my carry on, you can be my carry on
So what'd you say, won't you hop in on my luggage?
Everywhere I go, baby girl you know you coming.
Yeah, we 'bout to board, so tell me what you waiting on?
Baby, you can be my carry on. New York to La, Miami to Chicago
You can be my carry on and go wherever, go wherever.
New York to La, Miami to Chicago
You can be my carry on and go wherever, go wherever.
New York to La, Miami to Chicago
You can be my carry on and go wherever I go.
New York to La, Miami to Chicago
You can be my carry on. 'Cause I just wanna take you everywhere I go
Because I'd hate to leave you all alone.
There's no need to go and check you on
Baby you can be my carry on, you can be my carry on
Baby you can be my carry on, you can be my carry on
So what'd you say, won't you hop in on my luggage?
Everywhere I go, baby girl you know you coming.
Yeah, we 'bout to board, so tell me what you waiting on?
Baby, you can be my carry on.
