

Crazy

Tori Amos

Not sayin' not charmed at all
Not sayin' that you weren't worth the fall
But I was alone
When I knew it was real
Down the canyon
When I knew I had come To the line through the dawn
To the light
To the turn when you said
"You could drive all night
Drive all night" So I let crazy take a spin
Then I let crazy settle in
Kicked off my shoes
Shut reason out
He said, "First let's just
Unzip your religion down" Found that I
I craved at all
Saw me melt Into your
Native shelter
Where you carved my name
Paper tigers scare me and came Alive through the dawn
To the light
To the turn when you said
"You could drive all night
Drive all night" So I let crazy take a spin
Then I let crazy settle in
Kicked off my shoes
Shut reason out
He said, "First let's just
Unzip your religion down" So I let crazy pull me in
Then I let crazy take his spin
Kicked off my shoes
Shut reason out
He said, "First let's just unzip
Your religion down" Heard that you were once
"Temptation's girl" And as soon as you have
Rearranged the mess In your head
He will show up looking sane
Perfectly sane if I know crazy
