

# I Finally Know

## Boyz II Men

I've been searchin' for the girl of my dreams  
The one who'd give all of her love to me  
You've been there as a friend indeed  
Someone that I could depend through thick and thin  
My strength when I wanted to give inYou're special to me  
Made it easy when I felt lonely  
If I only knew then what I know now  
My search would've ended long agoI finally know who she is  
The girl you've been tryin' to help me find  
And all of this time she's been right here  
She's only around me when you are near  
And you spend your time with her everyday  
So you know she's perfect in every way  
I've been lookin' for love and she's lookin' at me  
If you look in the mirror you'll see what I seeNow woman I'm in a predicament  
And I don't know how to explain  
To a friend that's been a friend for so so long  
Should I tell you how I feel or leave it alone?  
Ohh, it's amazin', how intimidatin'  
I never knew that it was you  
And after all this time, it never crossed my mind  
That in a friend, a love I'd findYou're special to me  
And I hope that we can be much more  
My heart is in your hands  
So why don't we give love a chanceI finally know who she is  
The girl you've been tryin' to help me find  
And all of this time she's been right here  
She's only around me when you are near  
And you spend your time with her everyday  
So you know she's perfect in every way  
I've been lookin' for love and she's lookin' at me  
If you look in the mirror you'll see what I seeI'm waiting on a love  
A love that stands through anything and everything  
With all the love, I'd  
And every part of me 'cuz I know you're my destiny  
You'll see finallyI finally know who she is  
The girl you've been tryin' to help me find  
And all of this time she's been right here  
She's only around me when you are near

And you spend your time with her everyday  
So you know she's perfect in every way  
I've been lookin' for love and she's lookin' at me  
If you look in the mirror you'll see what I see I finally know who she is  
The girl you've been tryin' to help me find  
And all of this time she's been right here  
She's only around me when you are near  
And you spend your time with her everyday  
So you know she's perfect in every way  
I've been lookin' for love and she's lookin' at me  
If you look in the mirror you'll see what I see I finally know, I finally know  
And I'm so glad he told me so  
I thank you Lord for showin' me the one  
And now my search is done And you spend your time with her everyday  
So you know she's perfect in every way  
I've been lookin' for love and she's lookin' at me  
If you look in the mirror you'll see what I see
