

# Amygdala

## Dimension Zero

Shut the fuck up  
It's time to back up  
To reflect on the grey times  
To make sure its in balance Suck my mind dry  
Make my pores cry  
Lets make out in the fire  
Feed me up like the liar IS IT OPENED? IS IT CLOSED  
DRIVES ME CRAZY, KEEPS ME SANE? Crack me open  
Colour my darkness  
I'm alive if you say so  
I will fall, I'm your undertow It's the loss of my failure  
Can't depend on a prayer  
When you crush me like a freight train  
I'm a survivor and I'll regain
