Wake Up

Eskimo Joe

Hey there young girl
Throw it up here
and I'll catch it in my tree Throw it higher
If you bring a ladder
then we can be near
It's no secret
Ill tell you all about it on your next birthday
You won't believe this
There is one thing that you can do for me
Let me show you what it is
When I wake up, in the morning
You look so good, you look so good
When I get up, and I'm yawning
You look so good, you look so good, to me
Hey there, I know
Everybody else tends to get up too late
Wear our blue jeans
We keep a lot of pockets and some pants are big
Breakfast, Oh no!

You think I could have just an extra piece
We should go home
There is one thing that you can do for me
Let me show you what it is
When I wake up, in the morning
You look so good, you look so good
When I get up, and I'm yawning
You look so good, you look so good, to me
You won't believe it
You won't believe it
You won't believe it
You won't believe it
You won't believe it
You won't believe it
You won't believe it
You won't believe it
