

Teargas Jazz

Freak Kitchen

We all come down to the Delhi
To play freaky music
And check out
The vivid scenery This Danish paper
Printed explosive cartoons
The Muslim world
Took quite seriously Provocation or
Freedom of speech?
The shit had hit the fan
And there we were
Don't go out there
You're oozing Scandinavian
Always trust the wisdom
Of your local chauffeur Tandoori stains
And teargas jazz
No, we're not Danes
Teargas jazz As pragmatic Vikings
We kept a low profile
The mad were wad
As only mad can be We all come down to the Delhi
To play freaky music
And check out
The vivid scenery
Tandoori stains
And teargas jazz
No, we're not Danes
Teargas jazz
