

Hold It Down

Kirko Bangz

[Hook:] Say nigga I hold me down
From my old G's, for the young G's
from the real niggas for the trill niggas
everywhere that I go I'ma hold it down
for the city man, gotta get it man I'm coming down
I'm gripping grain, I'm drippin pain
you what I hold it down
From my old G's, for the you G's,
from the real niggas for the trill niggas
everyhwere that I go I'ma hold it down
For the city man, gotta get it man I'm coming down
I'm gripping grain, I'm drippin pain
you know I hold it down
I hold it down up in this bitch
don't mess around and get your ass clowned in this bitch
and I don't take this shit for granted
This niggas out here bitch man I'm gettin' it
won't you take this shit for nothing
I pay the condom, light bill house low
man this niggas I am frontin
I got a house of I'm going though
but she on the pole
And niggas say I'm singing
well singing got me digits

and digits got me bitches
These niggas in my city, all up in my business
start asking bout a nigga
yes them bitches

[Hook:]

Hold me down, hold me down,
yeah you know I rap the town
say niggas had them blocks
but your niggas don't forgot
bitch my cars very hot
I swear I got every drop
is just from the bottom bitch
mix you bitches at the top
fly with me, guide with me

what you said get high with me
sack off in my such a jean
bitch I brought a bro with me
she said that she love a nigga
I say I'm your other nigga
yeah I hold you down, with that weak shit for your other nigga
all day, all night she want a nigga like me
say you want a moly nigga, I say bitch I might be
later say I got a pouny, bullet so don't make a sound
million dollar question is you don't hold me down
