I know theres a lot of women out there
In relationships, that sick and tried of what their going through.
And looking for away out.
But you know im the medicine man
I can fix it. (yeah)
I can see the tears in your eyes.
I know that your telling me a lie ,
When you say thereï¿½s nothing wrong with you.
Oh ah oh ahh
I know you been hurt just a thousand times
But im not like them other guys
If you give me just one chance
Ill prove to you
That I can make it better
Ride wit you through this weather
Baby your diamond In a rough
All you really need is some tender Love.
Baby again No
I can see you're hurting but it's all about trusting me
Baby let me be your mechanic and I'll fix it
I'll fix it(x3)
All you gotta do
Is pull up to my shop and let me work on you
Baby let me be your mechanic and

(They call me the ladies man)
Girl im tryna start a family
Not just get in your panties
Cause your smooth as some margaritas
Sweeter than candy
You mite see me flossing
I brought larsiny family.
Lamborghinis, ferraris, Kawasakis and Bandges
girl I understand you, But you donï¿½t understand me
Happy but you cant be. You need to get to plain B
Im cool than Chicago, but hotter than Miami
when Im standing on my money , im taller than marcus camby(nba player who is 6-11) understand me

I can see your hurting but its all about trusting in Me
(Trust in me)
Baby let me be your mechanic and I'll fix it
