

# Save Me Tonight

[BBMak](#)

Who knows where the road may go  
Who knows where the wind will blow  
I've never seen you but I know that you exist  
Something that I've always missed I'm just trying to save us time  
For now will your love be mine  
Cos in the morning you will wake up on your own  
I'm back on a lonely road Chorus  
Save me tonight  
Yeah yeah, baby  
It may be wrong but it feels so right  
Save me tonight  
Yeah yeah, baby  
Cos come tomorrow I'll be gone  
Save me tonight You know that it's not goodbye  
You know that I did not lie  
Till the next time they will come and they will go  
Out on the lonely road Save me tonight  
Yeah yeah, baby  
It may be wrong but it feels so right  
Save me tonight  
Yeah yeah, baby  
Cos come tomorrow I'll be gone
