

Are We Really Happy With Who We Are Right Now?

Moneen

You said you want it, you said you need it
What you don't know is I know that you can't get it
You said you know me, you know nothing at all
You said you hate me, well, believe me, I hate you too
And stop, stand down, wait, don't wanna go
Send me somewhere warm
Stop, stand down, wait, don't wanna go
We want it all, we want it all
We want it all, we want it all
We want it all
They try to stop you from dreaming
They're there to make your life hell
Just try to stop me from dreaming, believing
Stop, stand down, wait, I don't wanna go
Send me somewhere warm
Stop, stand down, wait, I don't wanna go
Don't wanna go, I don't wanna go
Don't wanna go, I don't wanna go
Are you really happy? Ask yourself, ask yourself this time
Are you really happy? Ask yourself
'Cause if we really happy we ask ourselves, yeah
And are we really happy with who we are right now?
And are we really happy with who we are right now?
And are we really happy with who we are right now?
'Cause if we're really happy with [Incomprehensible]
We know we really happy with who we are right now, you said it
No, we're really happy with who we are right now
Yes, we're really happy with who we are right now
