

The Makings Of A Perfect Bitch

Nas

I know you think you got it together player but fuck the bird
You with and listen close to the makings of a perfect bitch
Listen close to the makings of a perfect bitch there's always
One thing wrong and you wish that you could switch or fix
While you shapin' every curve and hips, you heard of this?

The makings of a perfect bitch

A ghou! at night, I role like Jack the Ripper trying to choose my wife
I need a ass of a stripper, fat lipper mad niggaz in this one predicament
You try to choose a loyal one and stick with it, my stupid dick again

Searching for something to jump and then start humpin'

Convincing me that the history of a woman is about

Leaving a nigga with nothing so my experiences taught me

How to come up with a plan to make a right one for the man

A toy for the boy, the one that righteously will understand

And since I can't find her I guess I gotta make her I creep in the night

Like a kinky undertaker I think I'm on a caper to abduct a nerd

From the Ivy League, next stop at the strip club snatch a bad one

And flee what's next, I'm stakin' out a five star restaurant

To kidnap the chef, say goodbye to the stress

I know you think you got it together player but fuck the bird

You with and listen close to the makings of a perfect bitch

Listen close to the makings of a perfect bitch there's always

One thing wrong and you wish that you could switch or fix

While you shapin' every curve and hips, you heard of this?

The makings of a perfect bitch

I stitch 'em together then I kiss 'em forever these surgical gloves

Are made of love, couldn't be better four cycles of blood

Child birth first menstrual cycle, last menstrual cycle then death

That's four, so I guess rebirth is the fifth put 'em together

That's a genius, a slut and a chef holdin' the scalpel

While cutting the flesh heavy bleeding, so I need suction

It's such a mess if she survives she'll be sucking me next

Dark nipples on her D-cup breasts so I could titty fuck

While she do my taxes for the IRS so I could just relax, shit

By now I'm blessed I'm her daddy I'm her Messiah, I'm God

'Cause I injected obedience and loyalty in her heart

Know you mad 'cause you with a bitch that nag you to death

I smack mine on the ass and she breathe her first breath

I know you think you got it together player but fuck the bird
You with and listen close to the makings of a perfect bitch
Listen close to the makings of a perfect bitch there's always
One thing wrong and you wish that you could switch or fix
While you shapin' every curve and hips, you heard of this?
The makings of a perfect bitch
Gimme Sade's mystique, she gotta know her way in the streets
Like Billie Holiday in Harlem body from Ketoi Johnson
And Kenya Moore and Apple Bottoms Maya Angelou's brain
And some groove from Terry McMillan them Angelina Jolie lips
Angela Davis, Sista Souljah's wit helping me load clips
Some words form a pimp was, "Nas, it just don't exist"
But homes is twisted, a home ain't a home without, without the misses
All the girls that I named are queens, no disrespect
But I need me someone to disappear, reappear like I dream of Jeannie
Whenever I want, I think I met her, it's on, forever I'll flaunt
I know you think you got it together player but fuck the bird
You with and listen close to the makings of a perfect bitch
Listen close to the makings of a perfect bitch there's always
One thing wrong and you wish that you could switch or fix
While you shapin' every curve and hips, you heard of this?
The makings of a perfect bitch
