Just Around the Hill

Sash!

What if the world was out of trouble?
What if the world was out of pain?
Would it be a world that's worth living in?
Without anything, that's worth a centWhat if the world was out of hope?
To find a place, where you belong
You say to yourself that you'd never make it that far
That the mountain's too high
The answer is just around the hillJust around the hill
Take a look from the other side
Suddenly you'll see, there are many ways
Don't to go too straight
Just walk around, walk around the hillWhat if the world was out of love?
And all that we do don't mean a thing
You take no chance no offering
No suffering for anythingYou're asking yourself
Do you really want it that way?
Mountains too high
The answer is just around the hillJust around the hill
Take a look from the other side
Suddenly you'll see there are many ways
Don't go too straight
Just walk around, walk around the hillJust around the hill
Take a look from the other side
Suddenly you'll see there are many ways
Don't go too straight
Just walk around, walk around the hillWalk around that hill
