

Soon

My Bloody Valentine

Wake up don't fear
I want to love you
Yeah don't go there
I let you get to me
Yeah yeah Come back don't be afraid of me
Soon that I'll harm you
Your eyes are blue, blue jewels
Yeah yeah Come back have faith
Someone like you can't find the reason
Of what I did to you
Yeah yeah Wake up don't fear
I want to love you
Yeah don't go there
I let you get to me
Yeah yeah
