Mary

Barrie-James O'Neill

How come
This place that i was brought up in
Don't seem to shine
The way that I want it to shine
So tell me
Why the hell I'm brought here
Bring me to be some fool
Afraid that I'm not a fool

I'm like the bird that won't stop singing
I'm like the child who's insanely swinging
It's just enough to open up your mind

Why do I
Feel as though my lucks died
I don't wanna have fun tonight
I just never was fun
So tell me
All about my history
You like a scumbag boy
Sure that I'm a scumbag boy

I'm like the bird that won't stop singing
I'm like the child who's insanely swinging
It's just enough to open up your mind
I'm like the man who said he has no shadow
And tells the people "fuck you sado"
It's just enough to open up your mind

Mary, there's no need to worry
I'm only your grandson
And you'll be fine, fine, fine
Mary, there's no need to worry
I'm only your grandson
And you'll be fine, fine, fine
Fine, fine, fine

I'm like the bird that won't stop singing
I'm like the child who's insanely swinging
It's just enough to open up your mind

I'm like the man who said he has no shadow
And tells the people "fuck you sado"
It's just enough to open up your mind

Mary, there's no need to worry
I'm only your grandson
And you'll be fine, fine, fine
Mary, there's no need to worry
I'm only your grandson
And you'll be fine, fine, fine
Fine, fine, fine
Fine, fine, fine

How come this place, is not it..
How? I've felt in the old crowd
Don't wanna shine no more
So tell me why the hell I'm being brought here?
