

# Smoke and Mirrors (Acoustic)

## The Color Morale

If you give up on me, than I give up on everything  
I didn't come this far to not tell you the truth  
And you'll know it's true because the answers that I tell you  
Will make you all feel sick, feel hateful, feel useless and used  
Just remember that every piece of trash was one time itself first used

Say the word

Say the word and I will go quickly to a light  
Too much of anyone one thing at a time will leave you blind

Say the word and I will go quickly to a light  
Too much of anyone one thing at a time just left me blind

You need to get through what you are going through

Some day someone somewhere will need you

If you give up on me than I give up on everything

Back and forth my reason grows

I didn't choose this I was chose

Back and forth my reason grows

I didn't choose this and I want to go

Home is where the hurt is

And no one even knows

If you give up on me than I give up on everything
