Sick to my motherfucking tummy
Bitch must think I'm a motherfucking dummy
Because I dress bummy, bitch think I'm broke
Bitch, I ate one roach and I made a lot of money
Popping since Bastard, (manager) Clancy is my slave master
Thanks to them crackers, my pockets are fatter than
Excess shit that's weighting on Jasper
I've never popped a bottle, but I've fucked a couple models in Europe
Yup, and a couple of them swallowed
Meet me half way, bitch I'm going all in
And I never pull back, shout-out to my nigga TacoFuck that, Golf Wang

Came to Pitchfork with a couple Jada Pinkett signs
And said I was a racist homophobic
So I grabbed Lucas and filmed us kissing
Feelings getting caught, it's off, I'm pissing
You think I give a fuck? I ain't even stick my dick in yet
(No homo, too soon)
And while y'all are rolling doobies
I be in my bedroom scoring movies
Still, I'm sounding like a fucking newbie
Suck my dick, motherfucker, sue me
Mom got a new whip so she could scoop me
A year ago, I ain't have no hoopty

Now me and Justin smoke sherm and been talking 'bout freeing perms
And purchasing weapons naming them and aim them in One Direction
(Wait a minute)
It sounds like midgets in a God damn speaker
Anytime you play this shit loud
But that's just me trying to get milk now
And the grunts of a God damn cow
Hit me on my beeper while Captain Hook sucks my Peter
Pan camera, repeat procedure
And when the beat drops, have a God damn seizureFuck that, Golf Wang
