

Scores for Porn

Advisory - the following lyrics contain explicit language:

Radio's a public toilet
A funeral for a friend
Wash your mouth out then puke
And wash it out again
Scores for porn in short
Is audio intercourse
A stereophonic orgasmic
Lust for passionSlide it in, grease that pig
And fuck to a different tuneRadio is a pool of urine
A gallon down your throat
Anesthetized in sadness
I've got the antidote
The answer is so surreal
Press play and just sit back
High fidelity
Aural aphrodisiacPillow talk pillow talk
Mattress rock
Seduction in the key of lovePillow talk pillow talk
Mattress rock
Seduction in the key of loveSlide it in
Grease that pig
Slide it in
Grease that pigWhy won't you send me
Baby send me
Your dirty sheetsWhy won't you send me
Baby just send me
Your dirty sheetsIt feels eternal
Feels like a lifetime
Since I have been inside youIt feels eternal
Feels like a lifetime
Since I have been inside youThere's only one way to get what you want
And that's to get itThere's only one way to get what you want

And that's to get itThere's only one way to get what you want
And that's to get itThere's only one way to get what you want
And that's to get it
The right directionThere's only one way to get what you want
And that's to get itSlide it in
Grease that pig
Slide it in
Grease that pig
