

# Mirror of Venus

## Brandon Boyd

A mirror of venus that you are  
but i have never seen your face  
    a mariner carried by a star  
with no regard for time or place

Ahhh hhhhhaa x2

Architectural regret

There is a book i'll never write  
    from here i'll build a minaret  
and from it i'm calling out tonight  
I'll go wherever you go mirror of x2  
I'll go wherever you go mirror of Venus

Ahhh hhhhhaa x5

Yeah!

I'll go wherever you go mirror of x2  
I'll go wherever you go mirror of Venus
