

# New Breed

## The Prowlers

We are the new breed  
We are the future  
We are the new breed  
We are the future  
We are immune to life itself  
Cold rules of reality  
We are immune to life itself  
Cold rules of reality  
Born, bred, beaten  
Born, bred, beaten  
We have control of destiny  
We have control of what's to be  
We have control of destiny  
We have control of what's to be  
Born, bred, beaten  
Born, bred, beaten  
Born, bred, beaten  
Born, bred, beaten  
New breed  
New breed  
New breed  
New breed  
We are immune to life itself  
Cold rules of reality  
We have control of destiny  
We have control of what's to be  
Born, bred, beaten  
Born, bred, beaten  
Born, bred, beaten  
Born, bred, beaten  
New breed  
New breed  
New breed  
New breed  
New breed  
(We are the new breed)  
New breed  
(We are the future)
