

TIME

Prince

This song about time
Says it's about time
About time that U
R around I think it's 'bout time
That I got time
Alone with U
Alone with U I think I'm running out of patience
I think I'm running out of lies
I think it's 'bout time I tell the truth
Instead of these alibi's Well...
I think it's 'bout time
That I got time
Alone with U
'Cuz U're so fine
When I get mine
Baby U can 2 No more peace and quiet
I wonder why
A party full of drunken fools
I betcha some will B the rushing tide
Splashin' all over U I don't wanna work another day baby
No no
(stay with me)
I wish U're gonna stay with me
(stay with me)
I don't think it matters anyway
(it don't matter girl)
For U R as rich as I can B
Baby baby I think it's 'bout time
That I got time
Alone with U
(I know U know)
'Cuz U're so fine
When I get mine
Baby U can 2 Sho 'nuff Sugar well...
I'm thinking that U really
Need 2 B my pet
And let me put U in my 'lil cage
C'mon
I'm sick and tired of playing hard 2 get

With an animal that's half my age
Sugar well well
My head's a little dizzy
My head's spinning 'round
('round and 'round and)
Another dirty hotel room
Another lonely town I need some time with...
I need some time with U (this is what it feels like) U know what I wanna do (this is what it feels like) C'mon
lemme tell U one time
Said I..
..think it's 'bout time
That I got time
Alone with U
(baby, baby)
'Cuz U're so fine
When I get mine
(and) Baby U can 2 Oh oh I think I need U 2 B my girl
Travel with me around the world
(baby, baby)
'Cuz on paper
This works out fine
(so fine, so fine, so fine, so fine)
But not half as fine
As when I get time
With U 'bout time
(sugar have U heard)
Got time
Alone with U
(keep breaking you down, down)
So fine
Get mine
Baby U can 2 (down, down, down) 'bout time
Got time
Alone with U
(U, U, U, U, U)
So fine
(yeah)
Get mine
Baby U can 2 Baby, baby, U can 2! Ooh ooh oh...
