

Move It on Over

Del Shannon

Promised me when I went away child,
That you'd wait for me a long while,
Well here I am and there you are,
Wrapped up in somebody's arms,
Woooooooooooooooooooooo!
Better move it on over,
Baby 'cause I'm coming through,
I know what's been shaking, yeah,
You ain't making me your fool,
Told you a hundred times before,
That I wasn't gonna take it anymore,
You two-timed me all the time,
Driving me right out of my mind,
Woooooooooooooooooooooo!
Better move it on over,
Baby 'cause I'm coming through,
I know what's been shaking, yeah,
You ain't making me your fool,
Aaaaaaaaaaaaaaaaaaaaaa!
Told you a hundred times before,
That I wasn't gonna take it anymore,
You two-timed me all the time,
Driving me right out of my mind,
Woooooooooooooooooooooo!
Better move it on over,
Baby 'cause I'm coming through,
'Cause I know what's been shaking, yeah,
You ain't making me your fool...
