By My Side

As Performed by Josh Hoke, "Ghosts and Glory"

Music and Lyrics by Josh Hoke

(c)2013 BentBent Productions (ASCAP) I don't want to go out in the rain today my friend

Everything that's good in life seems to vanish in the end

Well I've been saving up my quiet dreams for quite awhile

Tables turned again I wanna see a million miles So come away with me, what will be will be

Now that I can see I need you by my side

By my side

By my side I have all the words I need but don't know what to say

When the world falls down on my I want to run away

Well I've been waiting up for a true love to come along

Awaken from my sleep I wanna sing a brave new song
