

School Bus

Patty Shukla

Can I ride the school bus, the school bus?
The great big yellow school bus
Iâ€™m gonna play all the way to school today
On a school bus, the school bus

Got up before my alarm clock
I canâ€™t wait to get on my way,
Run down the stairs and breakfast fast
I canâ€™t be late; Canâ€™t be the laid

I brush my teeth, put on my shoes
I grab my lunch and my backpack too
Iâ€™m so excited, itâ€™s my first day
To ride the bus to school all the way

The school bus, the school bus
The great big yellow school bus
Iâ€™m gonna play all the way to school today
On a school bus, the school bus

Wow, I didnâ€™t know they had such big seats
I can see all the cars on the streets
The musicâ€™s playing my favourite song
My friends and I start singing along

The school bus number is 53
The driverâ€™s name is Mrs. Brasley
And when we went over the railroad tracks
The school bus stopped and the traffic stayed back

The school bus, the school bus
The great big yellow school bus
Iâ€™m gonna play all the way to school today
On a school bus, the school bus

I couldnâ€™t wait for after school
To tell my mom â€œHey, the bus was cool!
Could I please ride it again tomorrow
With all my friends?â€•

The school bus, the school bus
The great big yellow school bus
Iâ€™m gonna play all the way to school today
On a school bus, the school bus

The school bus, oh, the school bus!
The great big yellow school bus
Iâ€™m gonna play all the way to school today
On a school bus, the school bus

Iâ€™m gonna play all the way to school today
On a school bus, the school bus
